HAROLD W.
McMILLEN CENTER
FOR HEALTH EDUCATION

Building Healthy Communities One Life at a Time

**Annual Report
2007-2008**

FROM OUR LEADERS

A Legacy of Devotion

“ To give real service you must add something which cannot be bought or measured with money. . . . and that is sincerity and integrity.”

This year, after more than 34 years of dedicated service, Mrs. Pat Parker will retire from the Board of Directors of the Harold W. McMillen Center for Health Education.

Having supported substance abuse prevention and promoting community wellness for many years, Pat's journey with the Center began in the 1970's when an extraordinary dream took root – a dream for a health education center that promoted positive health choices through preventive education. For 34 years, Pat provided 'real service' to the McMillen Center and the community – in the form of sincerity, integrity, dedication, and loyalty.

Through her leadership and commitment, Pat contributed significantly in shaping the culture of the organization to who we are today. Her commitment to excellence and tireless avocation to good health were evident early on – first in her role as Chair of the Steering Committee and as the first President of the Board of Directors.

It is an honor for an organization who has served the community for 27 years to have had the support of one individual for more than 30 years – an individual who exemplifies the highest level of commitment, passion, and character. Words are hard to express all that Pat has provided – through her unwavering support, confidence, vision, and TRUE belief in the power of health education!

We will miss her tireless efforts on the Board but will continue to celebrate the legacy she helped create – the Harold W. McMillen Center for Health Education!

IN TOUCH...

ACCOMPLISH

What we have done in a year...

We Improved Quality: Increased outcome measures by 65% and earned 4.6 out of 5 on all program evaluations.

We Grew: New Interactive Videoconferencing (IVC) programs; Balance Your Act, News About Booze, Coughin' to Coffin, STD's - Not for Me. There was a 95% increase over 2006.2007 in IVC program delivery nationwide including Kansas, Minnesota, New Jersey, New York, Florida, and Southern Indiana.

We Connected: Over 38,000 individuals have learned about healthy habits through our interactive and hands on health education. Of those, 111 participated during our Home School Day and 248 students partook in Bi Lingual Spanish and Burmese programs.

We Reached Out: To better serve our communities we have partnered with Tobacco Free Allen County, NISTEM, Acelink, and Home School Associations to offer exceptional programs through collaboration.

We Roasted a Local Celebrity: Sister Elise Kriss, our 2008 Celebrity, was a good sport while helping us raise more than \$87,000 during our annual event: Celebrity Roast 2008.

PATRICIA O. PARKER

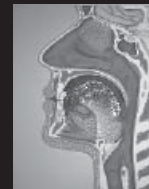

Passion and
Dedication
to Health
Education

As a member of the original steering committee in 1979, Pat Parker helped guide a dream into a vision. Gathering support from the community, the McMillen Center for Health Education began to take shape.

Over the past 27 years she has held steadfast in her belief that knowledge is power and the power of health education should be used to build a stronger community. With her passion for good health, Pat continues to promote a healthy image of the Center by clearly articulating achievements and growth, evidenced through the more than 1.4 million young people who have attended a McMillen Center program.

Pat exemplifies the highest level of commitment, passion, and character. For that we humbly thank her for everything she has accomplished!

We are pleased to recognize the following individuals, corporations, foundations and community organizations that supported the Harold W. McMillen Center for Health Education, Inc. during the past year. Those listed made a gift and/or pledge during the 2007-2008 fiscal year. Every effort has been made to ensure the accuracy of this information. We apologize for any errors or omissions.
